

Form-on smartPROP 15

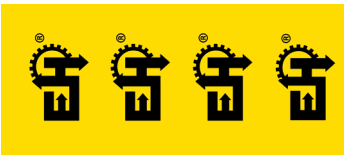

-  low weight
-  long lifespan
-  safe working conditions

Form-on[®]

Form-on smartPROP 15

Your benefits:

- low dead weight allows for speedy work and conserves energy
- prop retains its value for many years thanks to high-quality production and galvanisation
- safe working conditions thanks to handtrap-prevention and anti-drop-out latch
- opportunity for brand advertising thus providing additional theft protection through imprint of your company name

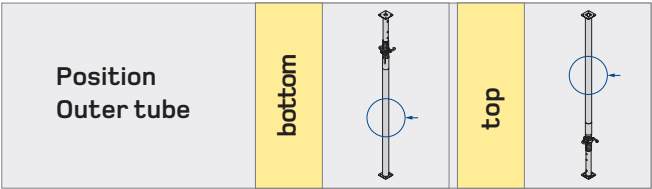

Technical specifications:

- Load capacity:** 15 kN at any extension length to ANSI (SF3)
- Availability:** Standard length 3.0 m & 3.5 m

Form-on smartPROP	Length (cm)	PU*	kg	Art. no.
Form-on smartPROP 15 300	170 - 300	48	11.0	620005000
Form-on smartPROP 15 350	200 - 350	48	13.1	620006000

* PU = packaging unit

TIP: Increased load capacity by flipping the prop used upside down

permissible load capacity (kN) depending on extension length and outer tube position. Calculated acc. EN 1065

Prop length (m)	300			350		
	bottom	top	calculated Ansi (SF3)*	bottom	top	calculated Ansi (SF3)*
1.7	21.4	21.4	15.0			15.0
1.9	19.1	21.4				
2.0	16.6	21.4		22.5	22.5	
2.2	14.0	21.1		20.5	22.5
