

Form-on smartPROP 20 sF2

-  low weight
-  long lifespan
-  safe working conditions

Form-on[®]

Form-on smartPROP 20 sF2

Your benefits:

- low dead weight allows for speedy work and conserves energy
- prop retains its value for many years thanks to high-quality production and galvanisation
- safe working conditions thanks to handtrap-prevention and anti-drop-out latch
- opportunity for brand advertising thus providing additional theft protection through imprint of your company name

With your individual branding

Technical specifications:

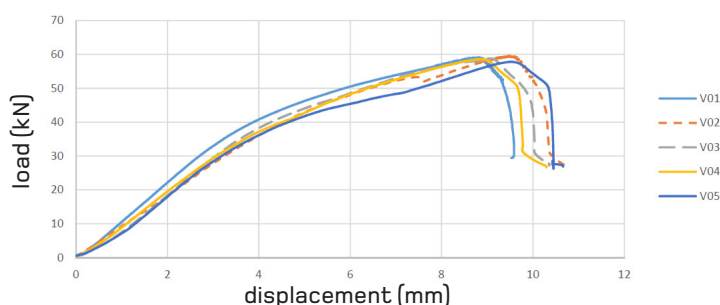

Load capacity: 20 kN at any extension length to safety factor 2

Availability: Standard lengths 3.0 m & 3.5 m

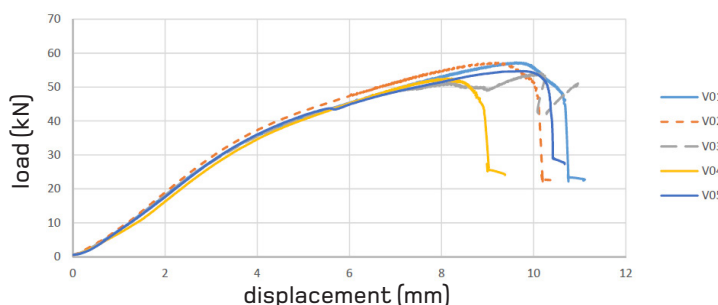

Form-on smartPROP 20 sF2	Length (cm)	PU*	kg	Art. -no.
Form-on smartPROP 20 sF2 300	170 - 300	48	11.0	620005000
Form-on smartPROP 20 sF2 350	200 - 350	48	13.1	620006000

* PU = packaging unit
