

Form-on smartPANEL

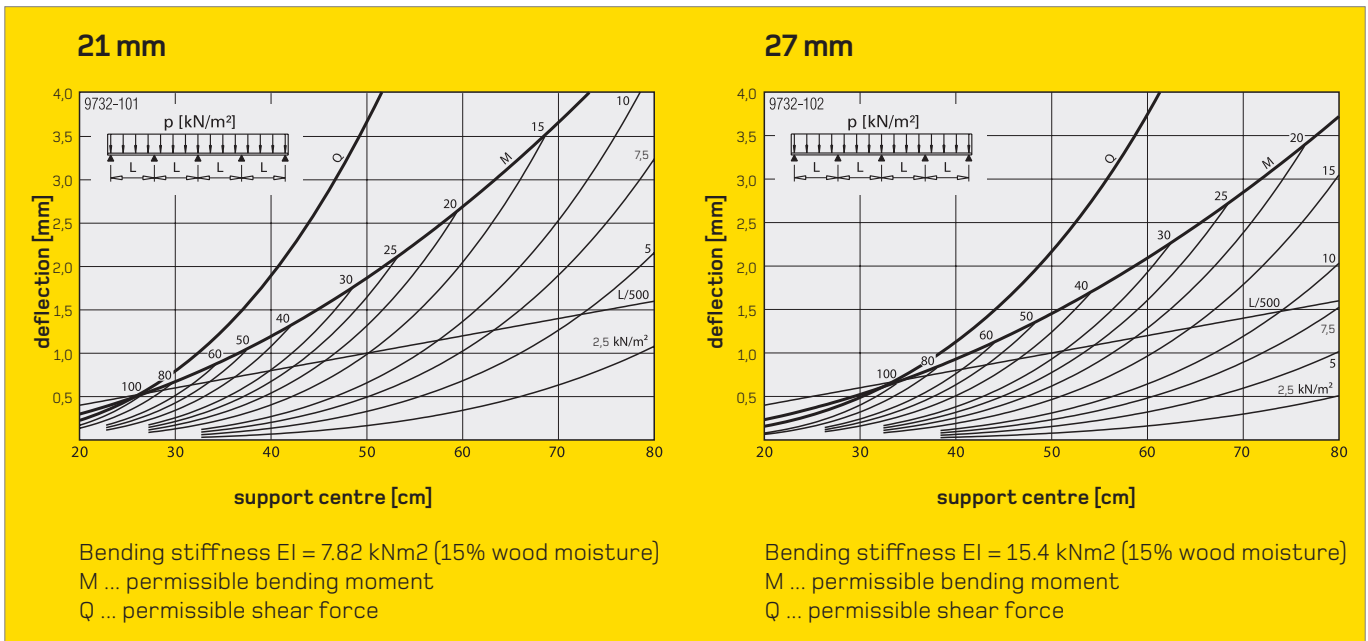

-  dimensional and angular accuracy
-  high resistance
-  long service life

FORM-ON[®]

Form-on smartPANEL

Your benefits:

- Dimensional and angular accuracy due to the high manufacturing standard
- high resistance thanks to surface finish of urea-melamine resin glue
- long service life due to boil-, alkali-, water- and weather-resistant glueing
- reliable quality due to production according to ÖNORM B 3023
- proven, cross-glued three-layer construction made of spruce wood
