

Form-on smartPROPplus 30

With hole numbering
for efficient working

Safe through anti-drop-out
latch and crush guard

Long service life thanks
to galvanisation

Consistently high load
capacity of at least 30 kN
at any extension length

Form-on

Form-on smartPROPplus 30

Your advantages:

-  High safety due to high load capacity according to EN1065 class C/E.
-  Reliability in many applications due to forged nut and 8 mm head and foot plate.
-  Safe working thanks to anti-drop-out latch and crush guard.
-  Prop retains its value for many years thanks to high-quality manufacturing and galvanisation.
-  Quick and safe release of the clamped floor prop through optimised thread pitch.

Form-on smartPROPplus 30

kN/length (cm)	Length (cm)	P.U.	kg	Art. no.
30 300	173 - 300	42	16.3	620051000
30 350	198 - 350	35	20.3	620052000

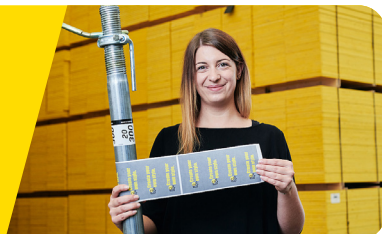

Quick and easy height adjustment thanks to numbered and engraved pegging holes.

TECHNICAL DATA

Certificate: Z-8.311-946
Load capacity: min. 30 kN for any extension length up to 41.2 kN depending on extension length
Standard: EN1065 class C/E

With your individual branding!

Prop length (m)	C/E 300		C/E 350	
	bottom	top	bottom	top
3.5			30.9	34.2

POSITION
OUTER TUBE

bottom

top

TIP: Increased load capacity by flipping the prop used upside down.

Permissible load capacity (kN) depending on extension length and outer tube position (as per general building inspectorate approval Z-8.311-946)

We supply formwork.
Easy. Fast. Transparent.
